HOLIDAYS
2017

Dear Fans and Friends,

*Hugh and
Monique Davies*

We've always known we have big shoes to fill at Schramsberg: those of my parents Jack and Jamie Davies and of the property's founders Jacob and Annie Schram. Monique and I are reminded every day of the dedication and tenacity of our predecessors as we and today's Schramsberg/Davies team strive to uphold that tradition and continue to move the winery into a thriving future, a future that we are honored involves you.

Our biggest news in 2017 was the opening of the Grayson Building, our Davies Winery tasting facility in St. Helena (on front cover).

We are humbled to be part of the continuing story of Schramsberg—from the Schram's founding of the vineyard in 1862, to my parents revival of it in 1965, the beginning of replanting of the home vineyards to Bordeaux grape varieties in 1994, the completion of the Davies winery in 2012, and the opening of the Grayson Building in 2017. None of this would have been possible without the strong and consistent support of

Jamie and Jack Davies during past holidays

our customers, club members and fans. On behalf of our whole team, we extend our most sincere thanks to all of you.

We hope that we all find time this winter season for both moments of joy and gratitude with family and friends. Here in northern California's wine country, we are most thankful for the 11,000 local, state, and out-of-state (from as far away as Australia) fire crews that saved many people, homes and properties throughout our hills and valleys from the large wildfires that struck us in October. As for both Schramsberg and Davies Vineyards, we were very lucky in that the fires did not touch the properties and vines that we work with. While we did close both wineries to staff and visitors for the better part of two weeks, we ultimately emerged safely from the week-long conflagration. Our hearts go out to our friends and neighbors in our community who were not as fortunate, and we remain committed to supporting them as they rebuild.

The holidays provide us with the most generous season of the year, a time for celebration and reflection, and we are excited to offer the best range of sparkling and red wines that we have ever produced for those special toasts and meals that await us. At the top of our sparkling range are the 2008 J. Schram, 2008 Reserve and 2009 J. Schram Rose, each bottle having patiently rested for 7-8 years on its yeast lees in our caves. Our Davies red portfolio is led by the second release of our 2013 J. Davies "Jamie" Estate Diamond Mountain Cabernet Sauvignon, an assemblage made from the best eleven barrels of the vintage. Thank you again for allowing our life's work to play a role in your lives.

All of us at Schramsberg and Davies Vineyards, wish you the very best for both the holidays and throughout 2018.

Hugh, Monique and the Davies Family

Jack and Jamie Davies with napping Rosie

Pioneers in the Napa Valley

We take our inspiration today from **Jack and Jamie Davies**, who purchased the Schramsberg property in 1965 and were pioneers of their time, part of the new wave of vintners who came into the valley in the 1960s and 1970s. They found in the Schramsberg property, with its solidly built Victorian house and barn, hand-dug caves, and long lane of olive trees between the vineyards, the perfect place to raise their boys—Bill, John and Hugh—and to live their winemaking adventure.

Jack worked the property for over 30 years before his death in 1998 and Jamie for more than 40 years before passing in 2008. They oversaw the start of the replanting of the home vineyards on Diamond Mountain to Bordeaux varietals in 1994 and in honor of their vision, tenacity and love of the property, we have created three estate Cabernet Sauvignons from those vines. Twenty-three years after that replanting, we have garnered an intimate knowledge and experience with these vineyards which allows us to make these delicious wines.

2013 J. DAVIES ESTATE “JAMIE”, DIAMOND MOUNTAIN DISTRICT NAPA VALLEY CABERNET SAUVIGNON

In honor of Jamie, this wine is made from the eleven best barrels of wine from the estate vineyards. Napa Valley Cabernet Sauvignon. 91% Cabernet Sauvignon, 6% Malbec, 3% Petit Verdot. The Founders of Schramsberg

Jacob and Annie Schram on the veranda of their Victorian house

Jack and Jamie were so impressed with the history of the property and its founders **Jacob and Annie Schram** that they retained the name of the winery and kept the bond from 1862, which makes Schramsberg the second-oldest bonded winery in Napa Valley. The Schrams both came from Pfeddersheim, Germany, and in 1862 purchased a hillside property of dense fir and deciduous forest near Calistoga.

Both worked hard to get the vineyards in. Early on, Jacob kept his “day job” as a barber, working evenings and weekends at home, while Annie was the vineyard foreman. They cleared the relatively flat areas of the land over the years, and wrested more and more vineyard acreage from the property. They so epitomized the hard work and “can do” spirit America valued that one local paper wrote in 1869 that “the direct want of California just now is more Jacob Schrams.” Their winemaking fame attracted a visit from Scottish writer Robert Louis Stevenson, who wrote about the winery in his Napa Valley travelogue *The Silverado Squatters*. The Schrams made quality still wines for four decades.

It's Jacob and Annie's demand for quality in their grapes and wine that inspired the same in Jack and Jamie, and drives our team today. No sparkling wines receive more attention from us than our J. Schram, Reserve and J. Schram Rosé. These are our finest sparkling wines, assembled from the

best of each vintage's 300 base wines and then aged in our caves for eight years before release. We are honored to receive the most important of accolades for these wines, those of our customers.

On the veranda today

The historic caves at Schramsberg

Schramsberg's Sleeping Beauties

Late-disgorged wines, popularly known with fans as “LDs,” are crown jewels in our sparkling wine portfolio. With some vintages, we hold back a small number of bottles for extended aging in our historic Diamond Mountain caves. In 2006, we did this with two wines, which rested in the bottle, on the yeast lees, for ten years. Imagine touring our caves every two years, five different times, and those same bottles are in the same place each time you pass by. The dust covers them, but inside the wine becomes even more sublime. It develops exquisite richness, depth and complexity, including savory, nutty and seasoned attributes, along with a caramelized fruitfulness, and creaminess on the palate with the ultra-fine bubbles.

Now we have determined that it is the time to release the 2006 Blanc de Blancs and Blanc de Noirs LDs. They are delicious now and will also continue to age very well for another 20 or more years if desired. Due to limited supply, the Blanc de Noirs LD is only available in our December 2017 wine club shipments, but we have plenty of the Blanc de Blancs LD on hand.

2006 BLANC DE BLANCS LATE DISGORGED

100% Chardonnay, 23% barrel fermented and aged on the yeast for over 10 years.

2006 BLANC DE NOIRS LATE DISGORGED

Available only as part of the December 2017 shipment to Cellar Club and Riddler's Circle. 90% Pinot Noir and 10% Chardonnay, 23% barrel fermented and aged on the yeast for over 10 years. 94 points – *Wine Advocate*

AROMAS: candied orange peel, apricot, strawberry tart, pineapple upside-down cake

FLAVORS: fresh melon, ruby grapefruit, acacia honey, quince

Cornerstones make the connection

As one way of drawing a connection between our two wineries, we installed a 2017 cornerstone on the Grayson Building (left) as a counterpart to one from 1884 on the Schramsberg barn.

The Vineyards and Valley We Love

Hyde Vineyards,
Napa Valley Carneros

As many of our visitors know, it doesn't take long to fall in love with the Schramsberg property, or the rest of the Napa Valley. Our Querencia Brut Rosé celebrates that love. *Querencia* is a Spanish word that means the "deep and abiding affection for the place one calls home." Querencia honors the memory and spirit of our co-founder Jack Davies, a pioneer in the early days of the Napa Valley Agricultural Preserve, which will celebrate its 50th year in 2018.

Because of this, Querencia is produced solely from fruit grown in the Napa Valley Carneros region. Chardonnay forms the blend's core, providing a relatively light-bodied, crisp and tangy palate. A portion of the added Pinot Noir is

fermented in contact with the skins to add berry brightness and color. The wine then spends three years on the lees to gain richness, so as to be hearty enough to complement robust Mediterranean cooking and delicate enough to pair with a broad range of appetizers.

Also sourced from the Napa Valley, our Crémant Demi-sec is a fruitful, off-dry sparkling wine: an American original. Crémant is French for "creamy" and traditionally refers to a wine with a lighter effervescence. After rigorous study, Jack and Jamie chose a unique California grape named Flora (a cross of Sémillon and Gewürztraminer developed at UC Davis) in 1972 to be the core component of this sparkling wine. Flora unites the fruit-forward character of Gewürztraminer with the strength, depth and minerality of Sémillon.

Jack encouraged the Napa Valley community to support the ag preserve that became a model for public conservation of agricultural lands across the country. To ensure that Jack's work was kept alive, Schramsberg established the Jack L. Davies Agricultural Fund, which supports agricultural preservation and education/scholarship efforts in Napa County. Not only does Querencia honor Jack's work, but proceeds from its sale helps support the budget of this fund. To learn more about this fund, visit www.jldagfund.org.

Our New Chapter

In late April, the stunning Davies Vineyards Grayson Building tasting facility opened in St. Helena. It features exposed steel beams, reclaimed barn wood, locally quarried stone and two barrel-hoop chandeliers. We hope you will visit soon. www.daviesvineyards.com

Red Wines from Davies Vineyards

The completion of the Grayson Building tasting facility means our Davies Vineyards Cabernet Sauvignons and Pinot Noirs now have their own home, a place where our customers can visit to explore all the Davies offerings. These wines are the result of long term partnerships with growers from Napa Valley to Anderson Valley. Some we have worked with for more than 30 years, some for two or three. All of these partners possess the same drive for quality fruit that we have for extraordinary wines. As you know, it's impossible to have great wines without fruit that has been nurtured in the vineyard with the utmost attention to detail. The results are delicious red wines that will be perfect accompaniments to many of your holiday meals and appreciated gifts for that wine lover on your list.

For our Cabernet Sauvignons—all from Napa Valley—we feature two vineyard-designate wines and one blend. Red Cap Vineyard is situated on Howell Mountain in the Vaca Range on the east side of the valley. It is a wine with a balanced structure and notable tannins. Our second site-specific Cabernet Sauvignon is the Winfield Vineyard, located on the valley floor just north of Calistoga, below the Palisades. This wine offers round, dark richness on the palate. The Napa Valley

AVA bottling is a complex wine blended from the fruit from five Napa Valley vineyards, featuring exceptional depth of flavor and resolved tannins.

2015 VINEYARD-SPECIFIC PINOT NOIR

We produced six vineyard-designate Pinot Noirs from the 2015 vintage. The sources for this exciting set of wines range from the Hudson and Hyde vineyards in the Napa Valley Carneros region, to the Nobles and Piedra Libre vineyards on the Sonoma Coast, to the Ferrington and Georgian vineyards in Anderson Valley. These grapes are picked at night, trucked early to our winery in St. Helena where they are unloaded as soon as possible that same morning. They are immediately destemmed and put into open top vats to begin initial fermentation.

With over 120 miles of cool-climate coastline available to us for vineyard sites, each bottling offers a unique expression of the specific site where it is grown. Enjoy the journey as you explore the diverse terroir of California's North Coast.

The Wines That Started It All

First released in 1965, the Blanc de Blancs is our most popular wine and the one President Nixon took to China in 1972 to use at the “Toast to Peace” with Premier Zhou En-Lai. It was called “Blank de Blanks” by a young reporter named Barbara Walters as she reported on the *Today Show* with a bottle in her hand. Made with 100% Chardonnay grapes, the wine is vibrant, fruitful and crisp, and will maintain its freshness, structure and refined finish for many years—even decades—following its initial release.

Delicate pressing of Pinot Noir grapes creates a balance of bright favors, crisp acidity and minimal tannins in our Blanc de Noirs. While Blanc de Blancs offers notes of green apple and citrus, the Blanc de Noirs features notes of white peach with caramel and toasted bread. It, also, can age for years before opened.

The Brut Rosé is influenced by bright Pinot Noir from Carneros, Sonoma and Marin coastal areas, and the Anderson Valley. At the winery, small lots of Pinot Noir are fermented in contact with the skins to add depth and subtle color. Chardonnay gives it drive and structure. Like the Blanc de Blancs and Blanc de Noirs, it ages in our historic caves, in contact with the yeast, for about two years—just enough time to achieve refined effervescence and subtle toastiness while maintaining its bright, refreshing appeal.
